Budding Computer Science Engineer | Experience with Front-End Development with React
Baddi, Himachal Pradesh, India

Summary

I am currently pursuing my Bachelor's in Computer Science Engineering at Chitkara University. Enthusiastically selected in the Kalvium Work Integrated Program, I am embracing a dynamic learning experience that encourages self-paced growth and a structured 9-6 self-learning schedule. This unique program has empowered me to adopt an independent approach to learning, fostering invaluable habits and skills.

Eager to bridge classroom learning with real-world applications, I look forward to leveraging my expanding skill set in future internships, hackathons, and freelance projects. My proficiency spans HTML, CSS, C, C++, Python, and JavaScript, and I've harnessed these languages in my projects and programs, further solidifying my grasp on these technologies.

I'm driven by a passion for web development and an unwavering commitment to continuous learning. Seeking opportunities to contribute meaningfully to innovative projects and collaborate with like-minded professionals. Let's connect and explore how we can make an impact together.
